NEW YORKERS AWAIT WORD FROM WILLKIE

Candidate Ends Western Trip with Third Term Attack at Madison.

ABOARD WILLKIE TRAIN ENROUTE TO NEW YORK, Sept. 28—Wendell L. Willie will report to New York Republicans tonight on his western campaign trip, which he closed with an assertion that the Roosevelt administration has kept the form but not the substance of democracy.

The Republican presidential nominee will speak to his party's state convention at the Empire race track, Yonkers, N. Y., at 8 p. m. eastern standard time.

Willkie's latest criticism of his Democratic opponent was made last night at Madison, Wis., before a cheering crowd which filled the University of Wisconsin fieldhouse.

Noting that appropriation bills have to originate in the house of representatives, he said:

"And yet, retaining the form and abandoning the substance, this administration insisted shortly after it came into office on having blank discretionary appropriations made by congress.

"Its power to reelect itself in 1936 and its attempt to reelect itself in 1940 is basically built upon those blank checks."

Hits Third Term

Willkie devoted part of his extemporaneous talk to criticism of the President's third term attempt, saying that a tradition against it "has become an unwritten law in America."

Addressing an applauding crowd of about 15,000 in the University of Wisconsin fieldhouse, he referred to Mr. Roosevelt's attempt to defeat opposition members of Congress in 1938, and then added:

"The theory of American government is that there should be three separate co-ordinate branches. Yet the President of the Unites tSates did not like the way members of both the house and senate voted, and, therefore, he put on the purge, and threw the full weight of the presidency to throw those men from public life."

While the Chief Executive had demanded reorganization of the supreme court on the ground that some judges were too old, Willkie said he recently had "appointed a secretary of war who was beyond the age limit he set."

He reiterated his arguments against a third term, quoting from Thomas Jefferson a declaration that any man who sought a third term "should be overwhelmingly defeated." There were loud cheers and a few boos.

AAA Checks Distributed

Republicans on the Willkie train were told that in the tier of Iowa and Illinois agricultural counties traversed by Willkie, agricultural adjustment administration benefit checks were being distributed by the new deal one day in advance of Willkie's arrival.

There were Iowa appearances at Fort Dodge, Webster City, Iowa Falls, Waterloo, Cedar Falls and Dubuque, before the train crossed into Illinois for a stop at Freeport. The speaking part of the western campaign closed in Madison, and the Willkie train headed for Chicago for servicing before starting a direct trip to New York with only operating stops.

DAYLIGHT SAVING TIME ENDS SUNDAY

Radio Programs To Start on New Schedules.

Radio dialers in Marion probably will be affected most when New York goes off the daylight saving time schedule at 2 a. m. tomorrow.

The change will bring programs into Marion an hour later. Some switches in program times also will be made next week, making a study of schedules advisable if listeners are to hear their favorite programs.

A. G. Uncapher, superintendent of mails at the post office, said there would be no appreciable change in incoming and outgoing mail schedules.

Daylight saving time, the brainchild of a Britisher, got its greatest impetus during the World war by putting people to bed and getting them up an hour earlier, on the theory that fuel for lighting would be saved thereby.

SKULL INJURY SUFFERED BY WORKER AT FACTORY

John A. Esterline of 259 North Prospect street suffered a fracture of the skull above the right eye in an accident about midnight last night at the Marion Steam Shovel Co.

The attending physician said his condition seemed good this morning but that it was a little early to determine the outcome of the injury.

The accident occurred in the shipping room. An emery wheel on which Mr. Esterline was working broke and a piece flew up, striking him above the eye, it was reported. He was taken to City hospital in the L. A. Axe & Son ambulance.

Huber Co. To Establish Ohio Branch Office and Store in Building on North Main St.

Property Formerly Occupied by McMurray Sulky Co. Leased for Expansion of Business; Remodeling Work To Start Monday.

Announcement of plans for establishing in Marion the first Ohio branch outlet of the Huber Manufacturing Co. was made today by E. J. Schroeter, president and general manager.

The branch office and retail store will be located at 262 North Main street in the old McMurray Sulky Co. building, across from the St. Mary Catholic church. The Ohio business is now handled at the company's home offices on North Greenwood street. Officials emphasized that the home office and main plant will continue to be located on Greenwood street.

The McMurray building, leased for a long period of time from the Houghton Sulky Co. of Marion, owners, will be completely remodeled at a cost of approximately $12,000, Richard A. Wheeler, general sales manager, reported.

Remodeling work will start Monday and is expected to be completed in time for the company to start operating the office Nov. 1.

Will Have 8 Branches

It will be the eighth branch of the Huber Co., others now operating at Harrisburg, Pa., Lansing, Mich., Indianapolis, Ind., Minneapolis, Minn., Peoria, Ill., Fargo, N. D., and Lincoln, Neb.

"Increased business and greater activity in farm matters in Ohio made it necessary to make this move," Mr. Wheeler said.

The change will put the company in a "much better position" to serve present and prospective owners of Huber equipment, he commented.

The change will also release for other uses space urgently needed at the home office, Mr. Wheeler said. About 15 persons will work at the new branch, probably a few more than are now employed in Ohio business.

Manager Appointed

Manager of the Ohio branch will be John M. Miller of Marion. Assistant will be Wilkie K. Sprague, who is moving here from Findlay.

Plans for remodeling the McMurray building were drawn up by Charles W. Oborn of Windsor street, architect. The lease was handled by the firm of Prichard & Daniels.

The McMurray building is two stories high at the front and three toward the rear. Outside dimensions are 75 feet wide by 170 feet deep.

Remodeling work will be featured by new lighting, installation of accoustically-correct ceilings, gas heating plant and an attractive white front in colonial design.

Highlighting the front of the building will be large white pillars. Plate glass will be liberally used on the ground floor and there will be a row of smaller windows across the front of the second story.

Distinctive Front Planned

The front will be dominantly white, creating an unusual effect in comparison with other architectural styles in the vicinity.

On the ground floor toward the front there will be main offices and a reception room and a large retail display room. The display room will measure 65 by 42 feet. Another feature will be a comprehensive stock of repair materials carried in a room 50 by 40 feet.

The facilities at the branch office will provide for complete overhauling of equipment. The facilities will also permit the complete rebuilding of tractors at the branch office.

On the retail display floor will be all types of Huber equipment, including both farm machinery and road machinery, Mr. Wheeler reported.

The McMurray building has been used in part recently for auto storage.

Huber Company Shipments Start to South America

Four Carloads Sent To New Customer in Chile.

A $30,000 shipment, first in the new South American business being developed by the Huber Manufacturing Co., is on its way from the Marion plant to far-away Chile.

The shipment, consisting of several Huber separators, was started on its long journey Thursday.

Four carloads, containing 36 boxes and crates, were sent from here to New York on the Erie railroad and will be sent by ship down the Atlantic coast, through the Panama canal and then down the west coast of South America to Chile.

Other Orders Listed

In connection with announcement of the shipment of threshing machines, Richard A. Wheeler, general sales manager, reported two foreign orders for road rollers, amounting to $40,000, and a U. S. government order for two road rollers for use in improving the naval base at Pearl Harbor, Hawaii.

The foreign orders included a $20,000 roller for Mexico and another $20,000 order for Uruguay, both from the governments of those countries.

The South American farm machinery trade development, reported in a recent announcement by the company, has given Huber officials ground for a bright outlook.

All Year Market Seen

Since South America's climatic year is exactly the opposite of North America's, the farm seasons are opposite. Thus, with trade on both continents, Huber stands to have a year-around market, officials have pointed out.

This week's shipment was just the beginning of the flow of Huber products to the sister continent. How long South America will continue to be barred from buying its machinery from European nations is, of course, uncertain, but Huber officials feel that the company is bound to make good friends in South America and thus hold newly-gained business there.

EXTRA HOURS FOR REGISTERING SET

Election Board Announces Schedule for Voters.

The board of elections announced today it will be open longer hours from now on until registration deadline Oct. 7, for convenience of Marionites.

DEFENSE COMMITTEE APPOINTED BY ELKS

Will Serve in Order's National Program.

A local committee of Marion Lodge No. 32, B. P. O. Elks, to assist in the national defense program has been appointed by H. J. Feidner, exalted ruler of the lodge.

Grant E. Mouser Jr., past exalted ruler, will serve as chairman of the committee, which also will be composed of T. A. O'Leary, B. A. Pierre, George T. Geran, all past exalted rulers, Carl S. Kay, William B. Sherman, Lee A. Schuler, V. E. Goff, H. R. Deigle, V. F. Haines, E. J. Schuler, C. W. Davidson, Sheriff Fred F. Miller, Deputy Sheriff William Willis, H. G. Baker, Ed T. Huber, L. J. Tietlebaum, William Laughman and Mr. Feidner.

Naming of the local committee was simultaneous with appointment of similar Elks committees throughout the country in keeping with plans of the order to do its share in supporting the national defense program.

The purposes of the local committees were outlined today by James R. Nicholson of New York City, chairman of the Elks national defense commission, who said in part:

"The most important activities to which members of the Order should devote themselves in their country's defense are: to uphold and teach Americanism and the democratic form of government, to discover and report treasonable, subversive and fifth column activities in America and to assist in the physical development of the youth of the country."

CHIANG'S SON IN U. S.

WEGO CHIANG
"...China will win"

* * *

By The Associated Press

FORT KNOX, N. Y.—Lieutenant Wego Chiang, son of General Chiang Kai-shek, Chinese Nationalist leader has been in the United States nearly a year, but he has escaped public notice.

The 28-year-old, slender and soft-spoken infantry officer has other service posts in company with a lieutenant colonel of the Chinese air forces.

He came here from Maxwell Field, Alabama, from which he was graduated in mid-August. His quiet seriousness and wide knowledge of military affairs have won the admiration of Fort Knox officers. He is attached to the First Armored Division "for training."

Asked about China's chances in the Far East conflict, he said:

"Ultimately, China will win."

LONDON UNDER 3-WEEK SIEGE

German Planes Almost Constantly Over City for 21 Days.

By The United Press

LONDON, Sept. 28 — German bombers struck at London today in a mid-morning raid after a furious overnight assault that wound up three successive weeks of relentless air siege of the British capital.

RAF fighter planes immediately swarmed up to intercept the first raiders and after a short time Londoners emerged from their shelters—ready for another nerve taut day of intermittent alarms.

The British said the overnight raids against London and towns of England, Scotland and Wales had cost the Germans heavily.

They estimated that the Nazis lost 133 planes yesterday, bringing their total losses for September to more than 1,000 for the second successive month.

(Informed German sources in Berlin said the score of yesterday's severe air fighting over London was 101 British planes downed to 38 lost by Germany.)

1,000 Planes Over London

The force of the latest air blows at Britain was illustrated by reports of observers that at least 1,000 German planes were launched at London alone yesterday. One great wave of raiders seen trying to smash through the Kent coast defense apparently included 300 bombers and an escort of nearly 500 fighting Messerschmitts.

Large squads of firemen and volunteers were credited with extinguishing most of London's fires within half an hour.

But London, while still the bullseye, was only part of the Nazi target, and raiders attacked objectives in scattered sections of Scotland and Wales and hit at almost every part of England.

Two towns in the industrially important Midlands were bombed. For one it was the first raid of the war.

PEACEFUL SOLUTION SEEN BY WELLES FOR U.S. IN FAR EAST

AXIS LOOKING TO BULGARIA

Extension of Control There Would Bring Pressure on Britain's Friends.

BULLETIN
By The Associated Press

TOKYO, Sept. 29—(Sunday) Premier Prince Fumimaro Konoye warned in a nationwide radio address tonight that Japan, Germany and Italy "are ready to display the power of their military alliance in case of necessity." Declaring the treaty signed Friday in Berlin was an outgrowth of conflicts between "old" and "new orders" which are manifest in the wars in both Europe and Asia, the premier said Japan now "comes not only to settle the China incident, but also to participate in the formidable task of creating a new era in the entire world."

By The Associated Press

Extension of the new German-Italian-Japanese pact to include Bulgaria and thus bring stronger psychological pressure on Greece and Turkey, who lean towards Britain, was suggested today by Italian political circles.

Bulgaria traditionally has been amenable to the pan-Slav ideas of Russia, whose own position in the new setup is still publicly undefined.

One of the aims of Germany and Italy in the prosecution of the war has been to keep peace in the Balkans, sources of food and battle supplies for the axis.

Question Mark?

How much squeeze the new alliance will put on the United State, and Soviet Russia's ill-defined position between two of her onetime foes, were the big question marks that curled up today from Adolph Hitler's latest diplomatic bombshell.

The United States was not mentioned in the pact that bends the axis eastward across Asia, but Russia was. Most observers agreed, however, that the principal aim was to keep the United States out of Europe's war by increased threats from across the Pacific—and out of Japan's widening way by the menace of the three-power hookup.

Political quarters in Berlin already are speculating whether the alliance will not preclude the United States from dickering with Britain for the use of any British naval base in the Far East.

At Washington, where news of the agreement was received without surprise. There was no indication that the United States would swerve either from her present diplomatic course with the Far East, or in steadily increasing aid to Britain.

A highly placed Japanese told The Associated Press today that the treaty grew primarily from consitent United States opposition to Japan's policies, and added: "In short, the United State forced us to take sides. We have done so." A German commentator also said it was "only the United States which could make such a pact as this necessary."

Russia's position was unclear, because of lack of information whether Moscow had been informed in advance such a pact was in the making. The agreement leaves unchanged the "present" relation of each of the three governments with Russia, Hitler's passive ally.

Berlin and Tokyo To Keep Close Watch on U. S. Help to British

Providing of Arms and Deal for Singapore Naval Base To Bear Scrutiny.

By LOUIS P. LOCHNER
AP Berlin Bureau Chief

BERLIN, Sept. 28 — German conjecture centered today on the Rome-Berlin-Tokyo attitude under the new world-front military pact toward any United States deal to use Britain's Singapore naval base and toward continued aid to Britain in arms and munitions.

Supplying arms and munitions to Britain may or may not bring a conflict with the three members of the new pact, authorized sources said, adding that it depended on whether such help was likely to affect decisively the progress of the war.

They said, for instance, that trading 50 over-age destroyers for bases in British western hemisphere territories doesn't mean a conflict.

"The pact is directed against the spirit of intervention and widening of the conflict," these sources continued.

"Supplying arms is one manifestation of the interventionist spirit. Just when and whether furnishing instruments of war leads to open conflict with the contracting parties of the three-power pact is presently a theoretical question."

South American Interests

Asked whether the listing of Europe and Africa as the sphere for axis leadership and greater East Asia as Japan's meant that the axis was disinterested in South America, authorized quarters said:

"We have never opposed your American Monroe Doctrine. We have no desire or intention to extend our defensive frontier, say to the waters of the Americas.

"We have never thought of interfering with political [illegible]

U. S. Proposes $226,600 Marion Airport Project

Paved Runway, Lighting Facilities and Other Improvements Planned; Ports in Area To Get Attention.

A proposal for a $226,600 project for improvement of Marion municipal airport has been made by the civil aeronautics here and at Washington as a part of its long range program, it was learned today.

The proposal, still in the tentative stage, would raise Marion's port from Class 1 to Class 2 and involve $65,000 for land preparation, $132,600 for paving runways and other areas, $25,000 for lighting and $4,000 for miscellaneous costs.

Along with the Marion proposal were listed projects for many other cities in Ohio, including Marysville, Kenton and Delaware.

The bureau's national program, estimated to cost more than $500,000,000, contemplates expenditure of $18,000,000 in Ohio. This would involve three super airports at Columbus, Cleveland and Cincinnati, construction of 28 new ports and improvement of 61 already existing, according to tentative plans.

The Marion Chamber of Commerce has been working since spring to bring such a project to Marion, Louis E. Michel, secretary, reported. Learning of the news development today, Mr. Michel said he would write to Earle L. Johnson, state director of aeronautics, for official information on the status of the Marion port.

Part of the Chamber's work included filling out of comprehensive questionnaires for the Aeronautical Chamber of Commerce and sending copies to the air corps and Congressman Frederick C. Smith of Marion.

Mayor Russel C. Snare, who has been working with the Chamber, said the city will give any proposal serious consideration.

City To Pay Part

According to reports from Washington and information previously received by Mr. Michel, the city would be required to pay 10 per cent of the cost of the airport improvement.

It may be possible, Mr. Michel has been informed, for the city to use for its 10 per cent what it has already invested in the port. The city has spent already about $36,000, which would easily cover 10 per cent of the proposed $226,600 project.

If this arrangement can be made for the city's 10 per cent, Mayor Snare said that undoubtedly city council would readily accept the government's proposal.

The city would give the proposal serious consideration, even if the city does have to dig into its treasury for the 10 per cent, the mayor said.

Built 10 Years Ago

Marion's airport, built more than 10 years ago and located west of Marion on the Waterworks road, is owned by the city. The hangar is leased to the Marion Flying Service, Inc., but Safety-Service Director Clyde C. Caldwell holds the title of manager.

The port has no concrete runways and no lighting facilities for night flying. Under the proposed program, there would be concrete runways and ample lights, it is assumed.

Nearby towns included in bureau's plans are:

Delaware—New Class 2 airport; $70,000 for land; $132,600 for paving runways; $25,000 for lighting and $4,000 for miscellaneous; total $231,600.

Marysville—New Class 1 airport; $60,000 for land preparation and $3,000 for miscellaneous.

Kenton—Remains Class 1 airport; $35,000 for land and $3,000 for miscellaneous.

A Class 1 airport is the smallest, with no paving, accommodating two to five place planes and having runways of 1,800 to 2,500 feet long.

Class 2 ports, which Marion would be made under the proposal, can handle 20-passenger planes and have at least one paved runway; it must be lighted and have runways 2,500 to 3,000 feet long.

Class 3 ports can handle planes of 30-passenger capacity, has all paved runways 3,500 to 4,500 feet long and is well lighted.

Class 4 ports, the tops, will will handle any plane yet designed and have runways over 4,500 feet long. They handle landings in all types of weather.

Ohio now has 66 Class 1 airports, four Class 2, five Class 3, for a total of 75.

Scope of Program

If the bureau's program is completed, there will be 30 Class 1, 67 Class 2, five Class 3 and three Class 4.

The program is designed on a long-range basis to handle evisioned expansion of civil and military aviation.

The bureau recently requested $30,000,00 in cash and a contract authorization of $60,000,000 for a start on the program. The house has approved the request, but the senate has not acted.

Sen. Adams, Democrat of Colorado, sought support today to confine initial funds for the program to the $30,000,000 appropriation, The Associated Press reported from Washington. He said the need for additional contract authority had not been sustained in testimony before the senate appropriations sub-committee of which he is chairman.

Signers of Pact Reported Agreed on Soviet Zones

By The Associated Press

BERLIN, Sept. 28—The three signatories to the German-Italian-Japanese military pact have agreed on the area in which the Red star of Soviet Russia is to be the controlling symbol, the authoritative commentary, Dienst Aus Deutschland, said today.

The three powers, which have agreed already to the precise "spaces" in Europe, Africa and Asia in which they are to have the final word, have agreed on Russia's sphere "so that there can be no question of encroachment in foreign spaces by these powers," the commentary said.

Other German conjecture in the wake of yesterday's dramatic signing of the new world-front alliance centered on the United States and its possible future use of Britain's Singapore base and its supply of arms and planes to the English.

PROSPECT FESTIVAL TO CLOSE TONIGHT

"Living Flag" and Band Concert on Final Program.

Prospect's four-day corn show and festival will close tonight with a pageant and band concert in the Prospect business district. A crowd estimated at nearly 2,000 persons attended the program last night.

More than 300 school children will take part in the patriotic pageant, "The Living Flag," which will be a feature of tonight's program. The pageant is to start at 8 o'clock.

Immediately following the pageant there will be a concert by a 45-piece band composed of musicians from Prospect, Richwood, Radnor, Waldo, LaRue, Marion and Caledonia.

BUT SAYS U. S. IS "PREPARING"

Tells Cleveland Audience Outcome Depends on Attitude of "All Concerned."

By The Associated Press

CLEVELAND, Sept. 28—Sumner Welles, under-secretary of state, declared in a new statement of foreign policy today that there was "no problem in the Far East that could not be peacefully solved through negotiation," provided "all concerned" desired to find an equitable solution. He added, however, that the United States was preparing "for any eventualities."

In the most detailed analysis of foreign policy in many months by an authorized government spokesman, Welles set forth the "requirements of the United States" in the orient. The declaration was considered especially significant since it followed yesterday's announcement that Japan had joined Germany and Italy in a formal military alliance.

Welles also reasserted American intentions "to render all material support and assistance" in the form of supplies and munitions to Great Britain and the British dominions "in what we hope will be their successful defense against armed aggression."

Speaks Before Council

The speech was prepared for delivery before the Cleveland Foreign Affairs council, formed by business and professional men to foster a closer study of international affairs.

The undersecretary reviewed foreign policy throughout the Roosevelt administration and warned that the United States faced a danger as grave as any in its history.

"In essence," Welles declared, "the primary requirements of the United States in the Far East may be thus simply set forth:

"Complete respect by all powers for the legitimate rights of the United States and of its nationals as stipulated by existing treaties or as provided by the general accepted tenets of international law.

"Equality of opportunity for the trade of all nations.

"And finally, respect for those international agreements or treaties concerning the Far East to which the United States is a party, although with the expressed understanding that the United States is always willing to consider the peaceful negotiation of such modifications or changes in these agreements or treaties as may in the judgment of the signatories be considered necessary in the light of changed conditions."

Praises British Heroism

Turning to Europe, Welles praise the heroism of the British people in "defending successfully their homes and their liberties" and added:

"It is the policy of your government, as approved by the congress of the United States, and, I believe, by the overwhelming majority of the American country, to render all material support and assistance, through the furnishing of supplies and munitions, to the British government and to the governments of the British dominions in what we hope will be their successful defense against armed aggression."

Welles declared that the government "must continue in the future, as it has in the past, to prepare for all eventualities," and to "arm with all haste and vigor to guard our new world from threatened danger." At the same time, he said, the nation must be ready, "when the time comes, to aid in the construction of that kind of a world peace based on justice and on law through which alone can our security be fully guaranteed."

Bishop and Former Pastor Head Calvary Church Program Sunday

Services Sunday will close a series at Calvary Evangelical church in observance of the twenty-second anniversary of the dedication of the present church building and the twenty-third anniversary of the breaking of ground for the structure.

Bishop C. H. Stauffacher of Kansas City, Mo., bishop of the southwestern area of the Evangelical church, will give a sermon at 10:15 a. m. and also will speak in the Sunday school.

Rev. C. L. Allen of Fremont, who served Calvary church as pastor from 1920 to 1927 and is now superintendent of the western district of the Ohio Evangelical conference, will return to preach at night at 7:30 and also to address the young people's meeting at 6:30.

Bishop Stauffacher was at one time a district superintendent in the Ohio conference. Later he became field secretary for the missionary society of the denomination and about six years ago was elected a bishop. Soon after his election he was sent to the Orient to organize the China conference and to visit the Japan conference.

Calvary church has sent five missionaries into the field, Rev. and Mrs. Howard Porterfield who are now at a mission in El Campo, Tex., Miss Vera Stull of St. James street who at one time served at Red Bird mission in Kentucky, and Rev. and Mrs. Gerald Zimmer who are now in the interior of China.

Mrs. C. R. Beerbower of Calvary church is now in her eleventh year as president of the state Evangelical women's Missionary society. Three of its members, Mrs. Edward Tittelbaum, Mrs. P. E. Smoke, wife of the pastor, and Mrs. C. Z. Zachman, have held state offices in the W. M. S.

Calvary church, established in 1885, is the mother church of Greenwood church on North Greenwood street and Oakland church on Bellefontaine avenue.

Text: II Timothy 3:1-5

1. This know also, that in the last days perilous times shall come.
2. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy.
3. Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good.
4. Traitors, heady, highminded, lovers of pleasures more than lovers of God;
5. Having a form of Godliness, but denying the power thereof: from such turn away.

PAUL'S great love for the young preacher Timothy prompted him to reveal certain pregnant facts which he knew would materially strength Timothy's ministry. From the very first verse of the first epistle until the pronouncement of the benediction at the close of the second writing we are presented a series of sharp warnings.

The entire third chapter which immediately relegates the writings contained therein to a period yet future called the "Last days" proves to be a veritable bombshell of caution. Verse 16 informs us that all Scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness. But in spite of these God given words we behold, men and women who call themselves Christian stand idly by while the Bible is mercilessly attacked yea even reduced to the plane of doubt. The Bible always has been and always shall be authority.

Let us concentrate our attention on verse 5 which is the key of this study, and there we find Paul telling this son in the faith (1 Tim. 1:2); "Timothy, the folks *who live in the last days are going* to continue to worship but they will deny the power of the faith, leave them alone."

Here is a scriptural warning that should cause every creature to reminisce: Where are the great revivals of twenty five years ago? Where is the symphony of church bells that marked our Sundays? Where are the preachers that preached Hell-Fire? Where are the men and women who used to be in Church? Why are our penal instintutions filled to capacity?

"I'll tell you why; because men no longer fear God, because we are playing at Christianity and have failed to carry out the work started by our founding fathers.

I challenge every born-again man and woman in Marion, Ohio, to take a definite stand for Jesus Christ. I beseech you to heed the warning contained in the following lines:

When the bugle's call sinks
into silence, and the long
marching columns stand still,
When the captain repeats his
last orders, and they've captured the last fort and hill;
And the flag has been hauled
from the mast head and the
wounded afield checked in;
And a world that rejects its
Savior, is asked for a reason. .
What Then?

DR. H. L. BELL'S SON TO GIVE SERMON SUNDAY

Rev. Wayne Bell, son of Dr. Harry L. Bell, pastor of Central Christian church will give the sermon Sunday morning at Central church.

His sermon on "Our Greatest Need," will be delivered during the worship period which will start at 9:15. Rev. Bell, now a post-graduate student at the College of the Bible in Lexington, Ky., holds student pastorates at Alton and California, Ky.

Music for the morning unified service will include a selection by a quartet composed of Mrs. S. J. Napoli, Miss Kathryn Schneider, Miss Catherine Thew and Miss Robin Vance. Mrs. Bell, at the organ, will play "Andante Con Moto," by Calkin, "Contemplation," by Nearing, and "Allegro Maestoso," by Dicks.

IT'S WEDDING BELLS FOR BINNIE BARNES TONIGHT

By The Associated Press

HOLLYWOOD, Sept. 28—It's to be wedding bells at midnight for actress Binnie Barnes.

And after that, it's to be a family.

Right now, the outlook is for a family of four within a month.

For the British actress is to become "mother" to two nieces and a nephew "for the duration." And when the trio arrives, they'll greet a sister who has been in Hollywood four years.

Until last night, Binnie wasn't sure just when her wedding was coming off. A Sunday afternoon ceremony was spoiled when the Los Angeles baseball club won its way into the Pacific Coast league playoff. For Mike Frankovitch, the bridegroom-to-be, is the club's radio announcer. When Binnie heard she'd go to work in a new picture Monday, they decided on a midnight ceremony tonight at the home of film comic Joe E. Brown.

MISSIONARY GROUP MEETS

Mrs. Mina Kennedy and Mrs. Byron Moffett were enrolled in Group 2 of the missionary society of Central Christian church at a meeting yesterday afternoon with Mrs. Frank Fairchild of the Edison road. The women decided to sew children's dresses for the Marion County Red Cross chapter's war relief quota. Mrs. Charles Swisher read a letter from the church's home for children in Cleveland and talked on a visit to the Emily Flinn church home in Marion, Ind. Mrs. E. E. Ferry gave a report on a trip to the Hardin county onion marshes.

Frank Stickney, 20, of Delaware was hailed into court on a charge of driving an automobile and trailer with insufficient lights and was fined $5 and costs by Mayor Frank Allga of Cardington. The patrolmen said there were no lights on the trailer and the tail light and one headlight on the car were not operating.

Harold Patterson, 21, of Leetonia, O., and William J. Bennett, 22, of Sherman N. Y., pleaded guilty before Mayor Allga to charges of driving overloaded trucks and were fined $25 and costs each. The patrolmen reported the Patterson truck, hauling Lima beans, was more than two tons overweight and that the Bennett truck, hauling tobacco, was 1,350 pounds overweight.

Miss Betty Mapes and D. E. Garver Exchange Vows

THE twenty-fifth wedding anniversary of the bride's parents was chosen by Miss Betty Jane Mapes and Donald E. Garver for their wedding which took place *Friday morning*. The bride is the daughter of Mr. and Mrs. Ralph Mapes of 183 Lincoln avenue, and *Mr. Garver* is the son of Mrs. Charles Garver of 190 Bellevue avenue.

The double ring service was read at 10:30 o'clock by Rev. M. E. Hollensen, pastor of Emanual *Lutheran church, at the parsonage* at 243 South Prospect street. The attendants were Miss Helen Linton and *Carl Roop*.

For the ceremony Miss Mapes chose a bottle green velvet suit with which she wore a smart brown hat and harmonizing accessories. Her flowers were an arm bouquet of Lester Hibbert roses. Miss Linton wore a rose costume with brown hat and accessories and her flowers were a corsage of gardenias.

Mr. and Mrs. Mapes were hosts at a breakfast at Ringer's Inn following the ceremony. Gold pompons carried out a decorative note for the table which held a wedding cake in silver and white, and places were marked with silver and white place cards.

Later the couple left on a wedding trip which will take them over the Sky Line drive and to points in the east. Upon their return they will make their home in the Crawford apartments on Blaine avenue.

Mr. and Mrs. Garver were graduated from Harding High school in 1935. The bride is a cosmetician at Key's Beauty shop, and the bridegroom is a clerk at the Marion postoffice.

Weddings

Of interest here is the marriage of Miss Selena Ruth Grueser and Robert H. Dumke of Elyria which took place Sept 14 in St. Paul's church, Elyria. The bride formerly lived in Marion and is the granddaughter of Mrs. Ruth Butterman of 871 North State street and Mrs. Selena Grueser of 579 Oak street.

For the ceremony, read by Rev. Ernest Irion, the bride wore a white brocaded satin gown made princess style, with a full length veil.

The attendants were Miss Wanda Bierske, maid of honor, and Misses Eileen Dumke and Virginia Grueser. Russell Dumke served as best man and ushers were George Grueser and Andy Bazar.

A wedding dinner at the home of the bridegroom's parents, Mr. and Mrs. Richard Dumke, followed the ceremony and later the bride's parents, Mr. and Mrs. Austin Grueser, were hosts at a reception.

The couple will live at 338 Furnace street in Elyria.

ASKS PROBATION REPORT IN SECURITIES CASE

By The Associated Press

CLEVELAND, Sept. 27 — A probation department report was ordered today on Roy D. Lloyd, 55, of Steubenville, convicted by Common Pleas Judge George P. Baer on four counts of violating the state securities act.

The securities division said Lloyd was not licensed to sell stock but had sold for $1,200 unregistered shares in the Virginia Cliffs Marble & Granite Co. of Goshen, Va.

H. S McConnell of Dover, who pleaded guilty to the same charge June 21, is awaiting sentence. The securities division reported the two men made other stock sales totaling $1,300.

Judge Baer requested a probation department report on Lloyd by Oct. 10.

JUST THINGS

By EDNA S. DUTTON

All American

HE IS *for* America, first, last and always. Recently he attended a convention and the theme was as it should be, all American. You know, the "buy American," we're here to protect America to the last ditch, and if there are any anti birds around, well, just let us at 'em." Leaving the convention hall, head high, chest out and ready to put the first guy that had anything' to say in his place, he encountered in the lobby a man selling souvenirs. Why not take the grandchild a souvenir? Yes, why not, and out comes the price of the souvenir. On his way down the street he examined the souvenir more closely. On the bottom was stamped "made in Japan." Yep, his blood pressure still soars when he thinks about it, to say nothing of having to listen to the pleasant remarks of his friends in on the know.

Clubs

THE next fortnight will find practically all the women's clubs opening the fall and winter club season. And what a gay time it will be. Along with spotless new programs filled with subjects just teeming with interesting topics to be delved into, there is the gladsome reunion with folks you haven't seen since club closed last spring. Altogether, it's a grand time of the year after all. And while we're on the subject will you, dear program chairman, see that we have one of your programs for the forthcoming season? It helps a lot.

Taxes

TAXES are a ticklish topic and nine times out of the much quoted 10, if the subject is brought up it ends in an argument or a whopping good indignation meeting. But taxes are not new, we learn. Two centuries ago the British system of taxation was described as "taxes upon every article which enters the mouth or covers the back or is placed under foot...the ermine which decorates the judge and the rope which hangs the criminal . brass nails of the coffin and the ribbons of the bride." One Daniel Lawrence Hylton, a wealthy Virginian, was disgruntled because he was expected to pay tax on his 125 chariots. And as for the income tax, which irks most of those in Uncle Sam's book was thought of way back in 1862. At that time congress passed a tax bill which assessed five per cent on all annual incomes over $600 and less than $10,000, and 10 per cent on all incomes exceeding $10,000. So what!

The Stars Say—

For Sunday, Sept. 29

SUNDAY'S horoscope is of paramount importance for all concerns of church and state, all religious, philanthropic, educational and humanitarian interests and movements These are all under a most expansive and benign influence, with a stabilizing force as well making for enduring and productive growth with increasing prestige and popularity. It is a time to reach for high goals and rich fruition of exalted aspirations. Use initiative but discretion.

Those whose birthday it is are on the threshold of a year of splendid promise and excellent opportunity for attaining their highest ambitions, aspirations and objectives, in whatever direction these may trend. This comes as recognition and reward of merit, for fortitude, industry, enduring courage solidity and responsibility, and the returns and token of esteem should be corresponding. Seek promotion and all cherished manifestations of fond hopes and wishes.

A child born on this day may have many sterling qualities of character and capability, with initiative, generosity, humane, compassionate and trustworthy, all making for a career of signal success and happiness.

* * *

For Monday, Sept. 30

Monday's astrological forecast is for a singularly active and exciting day, with much commotion and probably drastic uprooting from old fastnesses, plans, ideas. It is a time for radical reorientations, opportunity descending with dramatic and dynamic force. There will be opposition to challenge such openings, such to be handled with suavity and discretion rather than tempest and impetuosity. Social matters and elders, figure and probably romantic adventure also.

Those whose birthday it is may expect a year of sudden and surprising events which may have a radical and far reaching effect on future destiny. Splendid opportunities for progress and dynamic achievement are ahead, but opposition is to be placated by tact and discretion rather than quarrels and recklessness. It is possible that romance and high adventure await as well, with thrills and joy.

A child born on this day will be original, independent in thought and action, skillful, ingenious, romantic and adventurous.

NOW is the TIME to MODERNIZE-REMODEL-BUILD your own HOME

Simplicity in Home Design Called Essential for Economy by Experts

One of the most direct roads to obtaining the maximum amount of livability and construction economy in the small home of today is through simplicity in exterior design, according to Howard P. Vermilya, director of the technical division of the federal housing administration.

"The successful design of small-house exteriors is largely a matter of first obtaining an effective but simple composition," Mr. Vermilya stated. "This is achieved through the use of uncomplicated roof lines and care in the disposition of door and window openings. The second objective is good proportions in the width or length of walls to their height. The third is the use of variations and materials which lend interest to the wall areas without producing a restless appearance.

"Simplicity in exterior design results in an attractive livable house and gives the small house the appearance of maximum size. The fewer different materials used in the exterior the better, and the less the cost will be.

Obtain Appearance of Size

"The use of several different materials, especially those which contrast in color, and texture, breaks up the exterior into a series of small units of segments. This has the effect of making the house appear smaller than it is. Effectively to obtain an appearance of size, the small house can be treated as one large color area. When different materials are used for desirable variation, the appearance of size still can be obtained by the use of a single color.

"Structure methods which minimize height are usually the most economical and result in small houses of better exterior proportions than when they are high in relation to their width and length.

"Appearance also is generally improved by avoiding breaks in the roof lines at the eaves, which saves cost as well. Unnecessary gables and dormers, overelaborate cornices, and all nonessential features can be profitably be omitted.

Openings Are Important

The location of doors and windows have an important bearing on the house's exterior appearance, Mr. Vermilya pointed out. He added that these are a matter not of cost but of forethought as to their effect on the exterior. The shape of the house, however, does affect the cost.

"Through proper spacing and grouping of doors and windows," Mr. Vermilya continued, "a simple rectangular house can be given character and pleasing variations from its neighbors.

"Corner windows often may be used effectively to obtain wall space in small rooms. Where windows of the usual type are used, they should not be placed too near the exterior corners, as this has the effect of making the structure appear weak at the corners, where it should appear solid and strong."

MODEL AIRPLANE CLUB TO STAGE FLIGHTS HERE

Second Session Set at Airport at 2 O'clock Sunday.

Members of the Marion Gasoline Model Airplane club will hold their second flight session at the Marion airport Sunday afternoon. Most of the 36 active members and several guests from other cities are expected to participate, Verlin F. Haines, club president, reported. The flight session will begin at 2 p. m. and is for the purpose of helping new members become acquainted with launching model crafts and giving others the opportunity of experiments with their ships.

Charles Silber, United States Navy recruiting officer stationed here, recently joined the organization and has been named chief instructor, Mr. Haines announced. Silber, whose naval training included building model ships, will direct the program of instruction with the assistance of other veteran enthusiasts who are affiliated with the club. The club will hold its regular meeting Monday night at quarters in the Y. M. C. A. Persons interested in model airplane building are invited to attend both the flight session and the meeting, officials said.

QUALITY OF HARDWARE AN IMPORTANT MATTER

Home owners should be informed as to the quality of hardware fittings, since this varies greatly and differences cannot be detected on sight by the average buyer, according to building experts.

In selecting hardware, home owners should consider the architectural character of the house and color and finish of the woodwork. Hardware design suited to a house of formal character is out of place in an informal house of simple lines. Straightforward unpretentious design is best for the small house. Since hardware must often withstand heavy wear, good quality is important.

SEEK WAY TO REVIVE DECADENT DISTRICTS

Realtors' Committee Assigned to Important Work.

DAYTON, Sept. 28 — Appointment of a committee which will devise ways and means for Ohio communities to recapture disappearing values in depreciated neighborhoods was announced here today by W. A. Keyes, president of the Ohio Real Estate association.

Mr. Keyes designated John W. Galbreath of Columbus, immediate past president of the association, as chairman of the committee which is scheduled to meet within the next 30 days to consider the vast problem confronting it.

Other members of the committee are Walter Herberich of Akron, William S. Kinney of Canton, William E. Malm of Cleveland, Harry M. Filbert of Dayton, Jules Barnd of Lima; John Adams of Springfield, Walter E. Schmidt of Toledo, and John H. Garret of Zanesville.

In conformity with a resolution adopted at the annual convention of the association in Columbus in July, this committee is charged with the duty of making a complete investigation of causes of decay in certain areas of cities, and to devise a program designed to re-establish property values and tax paying ability without hindering the desirable growth and expansion of the community.

The committee was also requested to develop the draft of legislation "that will help business and real estate people to create corporations or bodies through whose statutory existence, business and real estate men can carry through plans, financing and redevelopment that will recapture old areas and prevent further destruction of mortgage values, homes and neighborhoods."

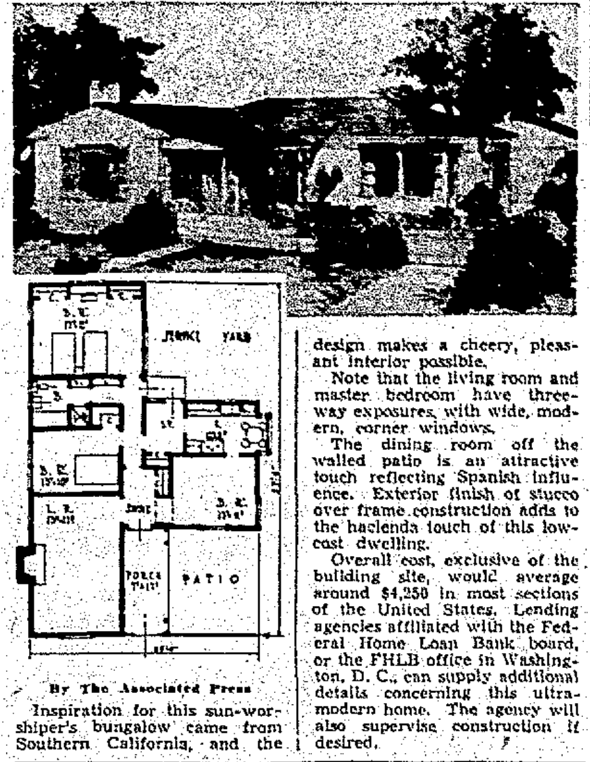
"This program of the Ohio Real Estate association is an outgrowth of discussions started earlier this year when the National Association of Real Estate boards set up the Urban Land institute to study and find a solution to these problems of neighborhood decay," Mr. Keyes said.

BANKS OFFER AID

By The Associated Press

CINCINNATI, Sept. 27 — Eight Cincinnati banks are ready to lend $30,000,000 to manufacturers in this section for emergency defense plant construction, Julius A. Reif, acting chairman of the Cincinnati Clearing House association, said yesterday.

For Sun Worshipers



By The Associated Press

Inspiration for this sun-worshiper's bungalow came from Southern California, and the design makes a cheery, pleasant interior possible.

Note that the living room and master bedroom have three-way exposures, with wide, modern, corner windows.

The dining room off the walled patio is an attractive touch reflecting Spanish influence. Exterior finish of stucco over frame construction adds to the hacienda touch of this low-cost dwelling.

Overall cost, exclusive of the building site, would average around $4,250 in most sections of the United States. Lending agencies affiliated with the Federal Home Loan Bank board, or the FHLB office in Washington, D. C., can supply additional details concerning this ultra-modern home. The agency will also supervise construction if desired.

ANNUAL REPORTS GIVEN AT MEETING OF CIRCLE

Reports for the year were given and Mrs. Earl Smart took over her duties as president at the first meeting of the new church year held by Circle 7 of the Women's Society of Christian Service of Epworth Methodist church Thursday afternoon at the home of Mrs. Fillmore Young at 341 Mt. Vernon avenue. Mrs. Stella Leech conducted the devotions. The sum of $88.14 was reported netted in the sale of tax stamps and 95 calls were made on the sick. Mrs. Ralph Carhart, program chairman, presented Dr. S. M. Ingmire who gave a short talk. The unification program was discussed by Mrs. H. K. Henderson and the program included two vocal numbers by Mrs. Warren Wise. Mrs. S. M. Ingmire, Mrs. Jack Danner and Mrs. Warren Wise were welcomed as new members.

Mrs. Smart, who succeeds Mrs. W. O. Nippert as head of the circle and Mrs. Ingmire presided at the table for tea. Autumn flowers decorated the table and favors were sprigs of bittersweet.

Assisting hostesses were Mrs. Frank M. Knapp, Mrs. F. L. Peavy, Mrs. Minnie Blow, Mrs. Fred Carhart, Mrs. E. H. Shade and Mrs. J. M. Hamilton.

CRESTLINE MAN LISTS NAVY'S SCHOOL PLANS

Plans for opening two schools in the middlewest for training men for communication work in the U. S. naval reserve were announced today by T. R. Oliphant of Crestline, commander of the naval communication reserve of the ninth naval district.

Instruction is open to any young men between 17 and 35 who can pass the required physical examination. Enlistments for the training are for four months and upon completion of the training those passing required examinations will have the rank of third class petty officer and may volunteer for active duty with the navy, Commander Oliphant reported. A school for training radio men will be located at Indianapolis and another for instruction of signalmen will be opened at Chicago.

Those interested may place applications with Commander Oliphant at his home at 429 North Henry street, Crestline, or at the naval reserve headquarters at the Galion post office.

REFORMED CHURCH GROUP HOLDS DINNER MEETING

The Ladies' Aid Society of the First Reformed church met Thursday at the church for a covered dish dinner. Invocation was by the pastor, Rev. E. H. Wierth, who was a guest with his daughter Barbara. Mrs. Barbara Rennert and Miss Clara Cook of Bellefontaine were also guests.

Devotions were conducted by Mrs. Royal Andrews and Mrs. Harry Hess and Mrs. Emma Zeig were in charge of the social meeting. The next meeting will be the last Thursday in October with Mrs. Mary Neidhart at the home of Mrs. Andrews on South High street.

ADVICE GIVEN FOR USE OF ROUGH, WOODED AREAS

What can be done with rough wooded areas that are difficult to develop into economic dwelling sites?

Officials have an answer to subdividers who ask that question. Turn the area into a park, they say. A well-located park may offset the sales resistance of remotely situated lots and render the entire tract more marketable. In addition, they point out that enhanced adjoining property values may exceed the cost of developing and dedicating such public open spaces.

LOAN ASSOCIATIONS' AUGUST TOTAL HIGH

Insured Agencies in Ohio Make 4,318 Home Loans.

WASHINGTON, Sept. 28—Home loans made by the 236 insured savings and loan associations in Ohio in August numbered 4,318 and amounted to $10,886,000, it was announced today by Nugent Fallon, general manager of the Federal Savings and Loan Insurance Corporation.

In August last year 3,520 loans aggregating $8,925,00 were reported. As of Sept. 1 this year, these associations had home mortgage loans on their books amounting to $358,659,000.

Ohio investors placed $9,941,970 in new savings in the associations during August as compared with $8,279,210 in the same month last year. As of Sept. 1, total private savings in these institutions aggregated $377,327,00; at the same time last year the total was $333,348,000.

There are now 514,001 investors in these locally-owned and locally-managed thrift and home-financing institutions whose savings are protected against loss up to $5,000 each by the Insurance Corporation, a federal government instrumentality. One hundred and sixteen of the associations operate under state charter and 120 under Federal charter.

PACKARD PLANT BOMBED

By The Associated Press

DETROIT, Mich., Sept. 27—The Packard Motor Car Co. has been advised that its $250,00 distributing plant in London was bombed earlier this week by Nazi planes. No details of the damage were disclosed.

Brazil has prohibited exportation of wild-grown oil bearing nuts until their combined annual production reaches 10,000,000 kilograms to insure supplies for domestic use.

FACTORS IN HOME BUILDING UNITED

Planning, Safe Standards, Financing Brought Together.

Attractive design, sound construction standards and a safe system of financing, an alliance long advocated by the Federal Housing Administration, appears to have gained nationwide acceptance in the home-building industry, according to FHA officials.

Architects, building material dealers, and financial institutions are participating in this movement, it is said.

"Better planning of homes is as vital as the use of good materials and the use of safe and sound system of home financing," Administrator Stewart McDonald has said recently. "Only well-designed dwellings of good material can be eligible for financing under the insured-mortgage system.

"Interest in better home design is resulting in a union of three of the important individuals in the construction of good homes—the builder, building material man and financing agent."

RECESSED PHONE OUTLETS

Features now a standard part of many modern houses are recessed telephone outlets, covered with a small metal plate, for permanent or portable extension telephones. Recessed connections are also provided at locations where telephones may be desired later. These may be inexpensively installed during construction of the house.

INADEQUATE HEIGHT MAY CAUSE CHIMNEY TROUBLE

A common cause of poor chimney drafts and smoke-stained fireplaces is insufficient height of the chimney.

Chimneys should be of sufficient height that the air currents are not cut off by the roof of the building or adjoining and nearby buildings.

BUILDERS URGE SECOND BATH IN HOME PLAN

Many builders are now urging home planners to place an extra bath ahead of a fireplace in importance when building. Conceding the desirability of a fireplace, they believe a second bathroom to be of greater utilitarian value.

12,000,000 BENEFIT

On the occasion of the sixth birthday of the Federal Housing Administration, Administrator Stewart McDonald announced that funds insured by the FHA had been advanced for improving the housing conditions of more than 12,000,000 persons — a number equalling the combined population of 18 states.

Russian Slight May Cause Future Trouble for Axis

By DEWITT MacKENZIE

A potentially far-reaching feature of the pact which brings Germany, Italy and Japan into the new triple alliance is an omission—and one that may bring grey hairs to the heads of three musketeers.

The trio has coolly partitioned Europe and Asia into three zones of influence — one for each of them. In this grandiose scheme no place is assigned to Russia.

The Soviet, in area, is the greatest country in the world. It stretches across both the continents involved in the triple alliance, occupying the eastern half of Europe and the northern half of Asia. Still there is no sphere of influence assigned to the nation which in size and resources could swallow all three members of the alliance and still be hungry.

Gesture of Friendship

True, Nazi Foreign Minister Von Ribbentrop in signing the pact invited "any state" to cooperate in establishing the new order projected by the alliance. True, too, both Berlin and Tokyo have made gestudes which ostensibly mean a desire to be friendly.

However, all these would seem to me to boil down to one thing—that the Muscovites are invited to contribute to the greatness of the triple alliance but are not given a place in it.

Russian sources in London viewed the Soviet's position as "dangerous and very grave" but thought the position hinged on whether Germany had notified Moscow in advance about the project. German commentators say Russia was informed. Soviet Chief Stalin maintained his usual silence and let the rest of the crowd do the talking.

However, it is my view that Stalin will consider this the supreme affront and that the circumstances surrounding this extraordinary pact will only serve to hasten the inevitable clash between Germany and Russia—and between Russia and Japan as well.

The outcome of the European war may ultimately turn on this situation.

I think it quite possible and even probable that Stalin will continue to play along with the alliance for the time being. He isn't given to rash haste. But he isn't going to lose sight of the fact that he has a potential enemy on each side of him—the axis on the west and Japan on the east—and he will strike when the time seems right.

When all's said and done there members of which also are the leaders in the historic anti-comintern pact that was devised to combat communism. Actually, Russian and alliance interests clash in most major points.

Russia and England are in many respects logical allies. That position has been strengthened by the formation of the triple alliance and its assumption of authority over half the world.

DEATH TAKES FORMER RESIDENT OF RICHWOOD

Mrs Jennie E Hartwell, 81, daughter of the late Rev Solomon Lindsey who many years ago was a United Brethren pastor in the vicinity of Marion, died suddenly of apoplexy Tuesday at her home in Norwalk. The funeral Thursday at Norwalk, followed by burial in Riverside cemetery at Monroeville, was attended by Mr and Mrs Charles Lindsey of Richwood, nephew and niece.

Mrs. Hartwell at one time lived in York, Marysville and Richwood. When she was a child the family came to Ohio. Her marriage to the late Eugene B Hartwell took place on Sept. 27, 1882 at Vanlue, O.

Until a few years ago Mrs Hartwell was assistant matron at the I O. O F. home at Springfield. She resigned to take up practical nursing in Norwalk. Surviving are five children, Mona, Minnie and Clarence of Sandobal, Ill, and Mrs Grace Bedford and Mrs George Thorne of Norwalk.

RESCUE SHIP NEAR DISABLED FREIGHTER

By The Associated Press

JACKSONVILLE, Fla., Sept. 28—The steamship Malabar is rapidly approaching the disabled freighter Alice Tebb 100 miles out in the Atlantic east of Jacksonville, coast guard divisional headquarters reported today.

The Malabar's captain sighted a vessel he believed to be the Tebb and expected to be alongside her within a short time, a radio message said.

The Tebb, a 2,426-ton freighter owned by the Southland Steamship company of Aberdeen, Wash, radioed that her seams were open and that her pumps were unable to stay even with the water coming into the hold.

The Tebb carries no passengers, it is believed.

Mackay radio at Jupiter, Fla, reported that the steamer Samuel Q Brown also was near the distressed craft. This report indicated also that the crew of the Alice Tebb were preparing to abandon her.

manifestations within the area affected by the Monroe Doctrine and do not intend to do so in the future."

To the question of whether the Soviet Union now is expected to desist from supplying arms to China, these sources expressed the opinion that Russian deliveries did not affect the situation.

The three-power military and economic treaty recognizes Japan's "new order in greater East Asia" and plainly implies that all three countries would join forces against the United States if any one of them became involved with America.

Points To America

"There are only two large neutrals, the United States and Russia," one commentator said. "Russia won't fight against the axis because she is well satisfied with the fruits of her non-aggression pact with Germany.

"That leaves only the United States which could make such a pact as this necessary, and in the case of America, it is war agitators within that country against whom it is necessary to construct a far-seeing protective alliance."

The inspired German press declared the treaty sealed the fate of Great Britain and provided an almost 100 per cent guaranty that lands still neutral would keep out of the war.

GENERAL LIGHT TO HEAD DRAFT

Appointment Follows Failure To Pass Army Physical Examination.

By The Associated Press

COLUMBUS, O, Sept 28—Gov Bricker today appointed Maj Gen Gilson D Light to direct Ohio's conscription of about 15,000 men for a year's military training.

Light's selection as state draft officer was announced after results of his physical examination showed he would be forced to yield command of the 37th Ohio national guard division before it went to Camp Shelby, Miss, for a year's training beginning Oct 15.

As selective service director, General Light would retain his position as Ohio adjutant general and assist in the formation of home defense units to serve in the absence of the national guard, sources close to Gov Bricker said.

Likely Successors

Among those reported eligible to succeed Light as head of the 37th division were Brig Gen. Robert S Beightler, state highway director and commander of the 74th infantry brigade; Brig Gen Ludwig S Connelly of Cleveland, commander of the 73rd infantry brigade, and Brig Gen. William L. Marlin of Cleveland, commander of the 62nd field artillery brigade.

Besides Light, those said to have been disqualified as physically unfit for active duty were Brig Gen. Newell C Bolton of Cleveland, commander of the 54th cavalry brigade; Col D F Pancoast, commander of the 112th engineers regiment; Lt. Col Wade C Christy, ordnance officer, and Lt. Col. John S Shetler, supply officer.

Governor's Proclamation

Governor Bricker issued a proclamation calling on all male citizens of Ohio, 21 to 35 years old, to register at their regular voting places between 7 a m. and 9 p. m on Oct 16.

The governor also asked the probate judge and presiding common pleas judge in each county to recommend five members for appointment to each of the 338 draft boards to be established in Ohio. Judges of the nine district courts of appeal were asked to recommend three members for nine appeals boards.

General Light asked Major Bradford V Bevier, plans and training officer of the 37th division and state health department employe, to inspect sanitary conditions at Camp Shelby. Major Bevier will leave for the camp Monday.

PRISONER FACES TRIAL IN EMBEZZLEMENT CASE

By The Associated Press

LONDON, O, Sept 27—The Ohio pardon and parole commission has ordered Thaddeus D Plummer, 45, of Lima, turned over to Madison county authorities on or before Jan. 2 for trial on an embezzlement indictment.

If he is not wanted or not convicted, Plummer will be returned to the London prison farm to await a parole hearing in April, 1941.

Serving 10 to 25 years for bank robbery, Plummer was indicted with two other persons on a charge of embezzling $2,943 in funds of the state and prison farm. The others, C. A. Keifer of London, former chief clerk at the farm, and H. K. Heald of Cleveland, a prisoner, have not been brought to trial.

BRICKER AND BURTON COMING NEXT WEEK

Plans were nearing completion today for a countywide Republican rally Tuesday night with Gov. Bricker and Mayor Harold H. Burton of Cleveland as the speakers.

The meeting will open at 8 o'clock in The Star auditorium. Gov Bricker, candidate for reelection, and Mayor Burton, candidate for the U. S senate, will discuss state and national issues, French Crow, Marion county G O P. chairman, reported.

Carter M Patton, Marion attorney, will preside. Music will be by the Harding High school band.

Residents of nearby counties have been invited. Various state, county and district candidates are to be introduced.

Mr. Crow also reported a delegation of some 25 or 30 Marion county Republicans will go to Cleveland Wednesday night for the Willkie rally.

A schedule of Willkie broadcasts was also announced by Mr. Crow, all for the NBC-Blue network:

Sept 30 from Detroit from 8 30 to 9, talk aimed chiefly for women's vote.

Oct 2 from Cleveland from 9 30 to 10.

Oct. 7 from Pittsburgh at 9 30, chiefly aimed at labor vote.

JAPANESE

(Continued from Page 1)

Minister Hachiro Arita and United States Ambassador Joseph C. Grew before the fall of the Yonai government last July constituted the "last attempt" to resolve American-Japanese problems on that basis.

In regard to Soviet Russia, Yakichiro Suma, foreign office spokesman, said significantly "the imperial government intends to adjust its relations to all nations. Russia is closely related to this treaty."

Qualified sources, asserting Japan's primary problem now is to bring Russia into the framework of the new agreement, predicted Japan would make an immediate effort at a rapprochment to safeguard her western boundaries. German help in such a move was forecast in view of the importance to Germany of the trans-Siberian channel of trade.

Emperor Hirohito and Foreign Minister Yosuke Matsuoka informed the world that the new treaty did not mean Japan was going to enter the European war or pick a fight with anybody. Both said it emphasized the nation's determination to complete her *self-proclaimed mission of* establishing a "greater East Asia" by peaceable means.

TURNOUT SMALL AT MORROW CO. FAIR

Program To End Tonight; Runaway In Friday Event.

Special to The Star

MT. GILEAD, Sept. 28—Morrow county fair officials today expressed disappointment over the size of the crowds at yesterday's session of the annual exposition. Weather was fine but only 3,650 paid in the afternoon and about 550 at night.

The fair will close this afternoon and tonight. Three races were carded today.

Three races were run off yesterday, highlighted by a runaway in the first heat of the 2 22 pace. Henwagg, owned by C. M Mitchell and driven by France, was in an upset at the start, bolted and ran around the track and out a gate onto a highway before being caught.

DRAFT TO HELP FIND FACTORY WORKERS

By The Associated Press

WASHINGTON, Sept. 28—Draft officials said today that local selective service boards may undertake to place in defense industries rather than in the army skilled unemployed men who register for military service.

While emphasizing that no formal instructions to that effect have been decided upon, they said every effort would be made to keep in view the needs of essential industries when men are called for their year of training.

Thus in addition to granting deferments for men already in essential employments, efforts may be made to obtain defense *work for those unemployed whose* skills so qualify them.

At the same time it was brought out that industrial deferment cases will be reviewed every six months and men whose work ceases to fall within the essential classification will then be considered eligible for military service.

Another proposal to avoid disruption of normal civilian pursuits would *avoid calling out agri*cultural workers at a time when they were needed for harvesting or planting crops.

RUSSIAN PAPERS FINALLY PRINT AXIS PACT STORY

MOSCOW, Sept. 28—The Soviet government organ, Izvestia, and the Communist party organ, Pravda, broke their 24-hour silence today and announced the signing of the tri-party military pact yesterday among Germany, Japan and Italy.

The papers published an account of the signing as carried by DNB, official German news agency, along with a text of the treaty, German Foreign Minister Joachim Von Ribbentrop's speech in connection with the signing, and Adolf Hitler's reception of the signers.

STEVE O'NEILL TO GET MAJOR LEAGUE POST

By The Associated Press

CLEVELAND, Sept. 28—Steve O'Neill, manager of the Buffalo club in the International league and former pilot of the Cleveland Indians, said today he would be with a big club next season.

It was understood that O'Neill, here for the Cleveland-Detroit series, had not been approached by Indian officials. President Alva Bradley of the Indians said the resignation at Buffalo was "all news to me."

Senator Declares America Ready To Meet Aggression

By The Associated Press

WASHINGTON, Sept. 28 — Senator Pittman (D-Nev), citing ratification of the treaty of Havana as new proof of Pan American solidarity, declared today that the western hemisphere nations were prepared to meet "any aggression" which might arise from the German-Italian alliance with Japan.

The senate ratified the treaty by voice vote yesterday shortly after announcement in Berlin that Japan had lined up formally with the axis powers in an agreement which pledged the three nations to assist each other in the event any of them was attacked by a new enemy in the European or Chinese wars.

Nations To Act Jointly

The Havana treaty provides specifically that the 21 American nations will act jointly against the transfer of sovereignty of European possessions in this hemisphere to other European powers. But Pittman, chairman of the senate foreign relations committee, declared its significance at this time was much broader.

"It minimizes the effect of the proclaimed solidarity of the eastern hemisphere, as expressed in the tri-power axis treaty," he told reporters. "It furnishes concrete evidence that the countries of the western hemisphere are prepared to meet any aggression with a united front."

What aggression might conceivably result from the new axis alliance the senator did not say, but official Washington generally regarded it as directed chiefly at the United States as the only potential new enemy of the totalitarian states in either the orient or Europe.

There were no indications, however, that the course of United States foreign policy would be altered in the slightest.

President Gets Appeal

President Roosevelt, who refrained from comment on the pact, entertained new appeals for greater aid to the British. A group of 87 men and women, describing themselves as a "spontaneous crusade" made the appeals and later a spokesman said they were "enthusiastically encouraged."

The President also received Lord Lothian, the British ambassador, and Sir Walter Layton of the council of British ministry of supply. Upon leaving the White House, Lothian said that Britain's need is for "more of everything and quick."

Moreover, it was recalled that in so far as Japan's expanding military activities in the Orient are concerned the United States only this week extended a new $25,000,000 loan to China and Secretary Hull vigorously stated *American objections to the Japa*nese entrance into Indo-China.

MISS EMMA HEHR DIES AT WYANDOT CO. HOME

Special to The Star

UPPER SANDUSKY, Sept 28—Miss Emma Hehr, 71, lifelong resident of this community, died at the Wyandot county home at 8 30 a. m. today. Surviving are three brothers, George, Jacob and William Hehr all of Upper Sandusky.

Funeral services will be held at 2 p. m Monday at the Bringman & Co funeral home. Burial will be made in Old Mission cemetery.

SETS DITCH HEARING

KENTON, Sept. 28—Judge Hector S Young of Marion, assigned to hear the appeal of property-owners in the Hog Creek ditch area from a plan of the Hardin county commissioners to improve the drainage facilities by widening, deepening and cleaning the ditch and its laterals, today set Nov. 12 as date of the appeal hearing.

MRS. OEHLER DIES AT HOME ON BRYANT ST.

Funeral Services To Take Place Monday.

Mrs. Margaret Belle Oehler, 63, widow of Daniel P. Oehler, died yesterday at 1:10 p. m. at her home at 932 Bryant street after an illness of more than a year.

A native of Pennsylvania, she had lived in Marion most of her life. She was born on Dec. 31, 1876 and was the adopted daughter of the late John and Marian Ansley Criswell. She married twice, first to Archie S. Brown, who died July 31, 1913. Her second husband, Mr. Oehler, died three years ago.

Mrs. Oehler attended Emmanuel Baptist church.

Surviving are four sons by the first marriage, Franklin H. Brown of London, O., John W. Brown of south of Marion, Paul D. Brown of Bryant street and Marion Brown of North State street.

Friends may call after 7 tonight at the home, where the funeral will be conducted Monday at 10 a. m. Rev. Ernest Pinkenbiner of Emmanuel Baptist church will be in charge. Burial will be made in Marion cemetery.

FRANK CRISTEE RITES TO BE AT MIDDLETOWN

Special to The Star

BUCYRUS, Sept. 28—Funeral services will be held at Middletown, O., for Frank Cristee, 75, retired New York Central employe, who took his life Friday by lowering himself into the cistern at the rear of his home here. The body was discovered by Patrolman Clem Lahr, who was called to the home by Mrs. Elmer Cooner, who makes his home at the Christee residence. He was guided to the scene by the discovery of the cistern cover being misplaced. Despondency over the death of his wife three years ago was thought to have been the cause of the act.

Survivors include two sons. Milton J. Cristee of Middletown and Wellington Cristee of Columbus.

Mr. Cristee was retired from the New York Central railroad Oct. 1, 1934. He was a member of the Masonic lodge.

FIRE DESTROYS TWO BUILDINGS AT ASHLEY

Special to The Star

ASHLEY, Sept. 28—A barn and large shed adjoining it belonging to Mrs. C. E. Wotring were destroyed by fire of undetermined origin last night about 8 o'clock. The blaze was discovered by a neighbor, Charles Shultz, but had gained considerable headway before the fire department could be summoned.

Harding Gridders Avenge 1939 Tie With Piqua 20-0

Prexies Show Power in Second Win of Season; Backs Rip Through Foes' Defenses; Kicking Tops.

By CHARLES HOSTETLER
Marion Star Sports Editor

ASPIRATION of a goal which they had set for themselves a year ago was realized last night by Marion Harding gridders, as they avenged the only blemish on their otherwise spotless 1939 record by lacing Piqua 20-0, on the home lot of their Miami county hosts

They appeared vastly improved over opening-game form displayed last week and excelled the foe in every department of play They hit the scoring column with touchdowns in all periods except the second, then missing the pay-off counter when a penalty bogged their offense

It was the season's second straight victory and the Presidents kept their goal line unsullied, never permitting the Piquans to get more than 15 yards over the midfield stripe It was the eighth consecutive win, considering the six stacked up last year after being held to a 7-7 deadlock by the same outfit

Harding's punting, by Edington and Gilbert, was probably the outstanding feature of the game Both got away long boots, ranging from 35 to 45 yards One of Edington attemps, kicked from midfield, sailed out on the 11-yard line Their efforts were well protected by a rugged line that never allowed the enemy to come within a country mile of blocking a kick

Backfield Looks Good

Of the ball-luggers, all were effective and several ripped off consistent gains Lou Petty, Charles Roberts Warren Ferguson and Leo Belknap each gave good accounts on offense Petty stamped himself as a dependable ground-gainer by taking the ball on plunges through and over the line when ground was needed for a first down

Lou, a 164-pounder, charged with the power of a freight engine He lugged a pair of touchdowns, getting the first on a dive from the one-foot line and the fourth period score on an eight-yard jaunt through center Roberts marked up the third quarter touchdown, going over easily from the four yards out Pete Bascos turned in two successful place kicks for extra points, his third missing the uprights

An estimated 200 to 250 Marion people were on hand for the game following the team on an 80-mile journey that is this season's longest road trip The squad of 21 traveled by chartered coach, taking on sustenance at Urbana en-route to and from the battleground Coach Bill Williams, apparently pleased over their performance, made no comment except that the game was "well-played'

Few Weak Spots

Brought to light, now that most of the rough edges have been polished were several new items which he probably will try to remedy during the coming week Harding linemen, although they charged hard and fast didn't give their punt receivers adequate cover and the team neglected downfield blocking Field generalship improved but occasionally the second-guessers felt they might have called things differently

Harding's attack and defense held strictly to the straight foot-

4 Eagles Teams To Play at Lincoln Park Sunday

'Eagles' Day,' will be observed tomorrow in the doubleheader diamond program scheduled as a benefit affair at the Lincoln park field our teams representing the fraternal organization will cross bats in softball and baseball tilts

The Marion Eagles All-Star softball team will open the sports show at 1 15 by engaging the Columbus Eagles squad Immediately afterward the Marion Eagles' baseball team will tackle the visiting Eagles team from Findlay

Band on Program

The band representing the Marion fraternal organization will be on hand to provide added entertainment Proceeds will go to the fund for the new fence recently completed at the park

In addition to construction of the fence there has been considerable grading work done, W Paul Cass chairman of the city park board, reported

He estimated that the cost of material alone for the fence was $800 The labor was contributed by NYA youths as a project The park board furnished supervision for the construction and also had the fence creosoted

Large Area Enclosed

The fence is eight feet high and 1,300 feet around enclosing an area large enough for both hardball and softball

For the last several weeks various Marion teams have been playing games at the park to raise funds to help pay for the fence

Mr Cass announced today he has issued an offer of $1 to the first home team player who hits a home-run over the fence

CLEVELAND, Sept 28—One of the most amazing triumphs in baseball history was an accomplished fact today

The Detroit Tigers, whom nobody gave a hope of getting anywhere last spring had clinched the American league flag and were only playing out their string here before meeting the Cincinnati Reds in the World Series starting next Wednesday

Perfectly in keeping with their bizarre record for the season the Tigers won their deciding victory yesterday behind a florid young rookie named Floyd Giebell who shut out the Indians 2 to 0 and who won't even be eligible to pitch against Cincinnati

Rudy York, first baseman, supplied the conclusive runs off Bobby Feller with a towering home run into the left field stands

Bob Gives 3 Hits

Feller gave up only three hits, and one of those was a fluke double by Greenberg which Roy Weatherly of Cleveland lost in the sun But the great Bobby was licked nevertheless, by an unknown rookie who probably was the most surprised individual in Ohio when Manager Del Baker told him to get out there and pitch

Last night the Detroit players one by one, came up to see Owner Walter O Briggs and to offer their congratulations He has been a sick man for the last eight months and he was in a wheel chair yesterday at the game His son "Spike" Briggs said this was what his father had been living for, mostly

Later each of the players admitted that at the season's start they had no idea of winning the pennant

Lots of "Ifs"

Hank Greenberg didn't know whether he could play the outfield Dick Bartell, the veteran shortstop, didn't know whether his health would hold out for the season Nobody would have bet a nickel that Schoolboy Rowe would win five games—much less 16

'There's never been a club with a finer fighting spirit,' said Manager Del Baker, who, incidentally, might be classified as baseball's unknown man 'They did everything I asked of them What Giebell did to the Indians was no more than the others have done all the way"

It was a tremendous gamble on Baker's part — starting the boy who had pitched only one game for the Tigers since reporting from Buffalo The game was vital, and it was logical to expect that Feller would be at his brilliant best But the Tigers' luck held to the last, and Giebell turned in a veritable masterpiece

Indians Peaceful

The Cleveland players took their elimination quietly There was no sign of the blow-off that had been half expected between Manager Oscar Vitt and the players who rebelled on him in mid-season It might possibly come yet but probably not The realization of what their internal squabble cost appears to have stunned them

"I don't know whether I'll stay for the World Series," said Vitt. "I might go home It's been a hard year"

Johnny Babich, of the Philadelphia Athletics, racked up his fifth win of the year over the four-time world champion New York Yankees, by 6-2

Babich stopped the last-ditch drive of the Yankees, which had reached eight straight games, with a five-hitter

The Boston Red Sox unleashed all their power to run up the season's largest score—a 24-4 trouncing of the hapless Washington senators.

The Chicago White Sox edged out the Browns, 4-3, on Luke Appling's 10th inning single that scored Joe Kuhel and gave Bill Dietrich his 10th victory of the year

The National league had some fireworks too Arky Vaughan, the Pirate shortstop, doubled in the 10th inning to score Bob Elliott with the run that gave them a 4-3 victory over the champion Cincinnati Reds.

The Chicago Cubs meanwhile lost their last chance to finish fourth by blowing one to the St. Louis Cardinals, 11-1

The sixth place Giants suffered a 6-0 defeat by the Phillies, who handed Carl Hubbell his fifth straight setback

SWEDISH ANGEL COMING HERE MONDAY

The Swedish Angel, otherwise known as Olaf Swensen, is shown putting the finishing touches on the annihilation of a foe Olaf, all 234 pounds of him, will be in Marion next week He wrestles Kay Bell, now a lineman with the Columbus Bullies' professional team, in the featured 90-minute go As usual the bouts will be held at the Marion Steam Shovel gym starting at 8 30

Saints Win 20-6 Decision; Schuler Scores 3 Times.

Marion St Mary's football team spilled the previously unbeaten Crestline team, 20-6 last night on the Crawford countians' home field The Irish victory broke at 12 games the consecutive winning streak of their hosts a winning streak that included a 14-0 decision over the Saints last year

Halfback Ted Schuler was the hero of the encounter, but he had a full retinue of supporting stars Ted scored all three touchdowns, two on plunges through the line and the third by taking a 35-yard pass from the accurate shooting arm of Frankie Terzo

Schuler also registered two of the points after touchdown, going over on a line play and snagging another of Terzo's aerials His battery mate chalked up the third by kicking from placement

Crestline's lone touchdown came late in the second period when Fisher plunged from the two-yard line to successfully climax an aerial drive from midfield Other than that the hosts threatened occasionally but each time were turned back by the hard-scrapping Saints

250 Here Follow Team

To many of the Irish followers —some 250 or more followed the team—the victory came as pleasant surprise But to Coach Bernard Berens and members of his staff and team the victory, though hard-earned, was a realization of their expectations They were primed for the contest and shared the opinion that since their foes couldn't go on winning forever, last night was as good a time as any to break up the victory string

Cracking Crestline was just a matter of taking the scalp of a previously undefeated club, a practice in which St Mary has indulged in frequently during recent gridiron and court history Last year Berens' men turned in a similar performance at Carey, stopping a team which until then boasted an uncrossed goal line

Here's how they did it

Details of Game

Crestline, winning the toss, chose to receive, and the Saints defended the north goal Terzo's kick carried to Crestline's 30-yard line and Stump returned five Fisher's punt to the Marion 70 was returned 25 yard by Terzo Schuler and Murphy were the spearheads of a sustained drive, with Schuler going off tackle for the touchdown and then adding the extra point by skirting the end

Early in the second period Kelly St Mary linebacker, intercepted a pass Seconds later a Terzo-to-Schuler aerial was good for 35 yards and another touchdown Terzo place kicked the point and the Irish led, 14-0 Fisher returned Terzo's kick-off 18 yards to the Crestline 33 before the home club launched its air attack Stump and Light were on the reciving end of Fisher's passes and the drive took them to Irish 20 Interference on a Fisher-to-Stump toss gave Crestline possession on the two-yard stripe Fisher plunged for the score, but the try for point failed St Mary returned the kickoff to the Crestline 48 as the half ended At this point the Saints led, 14-6, and had rolled up six first downs to Crestline's five

Schuler took Crestline's half-time kick on his own 15 and returned to the 30 The Irish punted and a return boot was blocked by Shoup the ball rolling to Crestline's 25 where Werley recovered Schuler plunged for a first down and Terzo went around end to the five-yard line A fumble and recovery lost five but Schuler plunged 10 yards for the final score

McGinnis intercepted a Crestline pass at the start of the fourth, but a St Mary offensive was hindered by a 15-yard holding penalty The teams traded punts and St Mary waded to the 25 before a Crestline intercepton erased another scoring possibility In a last minute aerial spree John Robins snagged a Crestline throw and St Mary held the ball on their foes' 27-yard line

HARDING

(Continued from Page 6)

ball, what might be termed a conservative brand. They did, however, throw in enough aerial attempts to keep the Piquans wary of a pass attack. The deceptive spinner plays sent runners through the line for consistent gains and intermingled in a good proportion were drives off tackle and sweeps to both ends of the line.

Game in Detail

A brief resume of the game follows:

Marion elected to receive and Piqua chose the south goal, but with no appreciable amount of wind with which to contend it was an empty choice for the home club. Ferguson received the kick-off and raced 20 yards to his own 30. Two line plays gained four yards and Edington punted to the Piqua 27. Harding threw the opposition for an eight-yard loss on the first try. Ferguson received Penrod's punt on the Piqua 42, giving Harding a 25-yard gain on the exchange.

Roberts and Petty each picked up four and Edington quick-kicked out-of-bounds on the 22. Kemmerly slammed Cruse for a four-yard loss and after fumbling on an attempted punt McMacken regained the deficit. Penrod kicked to Marion's 45 and Ferguson returned to midfield. In four plays, Ferguson made 11 yards and Petty got 16 to give Marion a first down on the Piqua 28. Roberts skirted the right side for seven, Ferguson picked up two and Petty went over center for five and a first on the 14. Ferguson raced around right end for 12, Edington came within inches of the goal and Petty plunged for the touchdown. The place kick by Bascos was good and Marion held a 7-0 advantage with 10 minutes played. played.

Kicks Out of Bounds

Piqua chose to kick. The ball went out on Marion's 10 and was automatically put in play on the 35. Three line plays took Harding to the 48 as the first quarter ended. Petty, Roberts and Edington each made four. Two Harding passes were incomplete and Edington punted into the end zone. Turner was spilled for no gain on line try from a fake punt formation and Piqua's kick was received at midfield. Harding marched 20 yards when a 15-yard penalty for clipping stalled the drive. With second and 25 the Presidents got back 21 yards on passes, Roberts to Edington and Roberts to Hedges before losing possession. Penrod made an end sweep for 12, Piqua's longest gain, but an aerial fell into the grasp of Gilbert and Marion was punted deep into foreign territory as the half closed.

Penrod's half-time kick-off was returned from the 25 to the 48 by Ferguson. Petty got 14 on his first plunge but Marion was halted momentarily and Edington's punt went out-of-bounds on the Piqua 11. The return kick went to the 36 from which point Harding's second touchdown drive was launched. Petty, Roberts and Ferguson alternated in packing the mail, Roberts scoring from the four-yard marker. Bascos's kick from placement was wide. Ferguson's crossfield kick-off was stopped but fumbling giving alert Martin Lewis a chance to recover for Harding on Piqua's 43. Ferguson chased 13 yards around left end. After wading to the 20, Harding was penalized 15 yards for illegal use of hands and when two passes were incomplete Gilbert punted into the end zone. McMacken, rushed off his feet on a pass attempt, fumbled the ball and Wayne Short recovered for Marion on Piqua's 11, as the third quarter ended.

It took only two plays to shove the ball over, Roberts picking up three before Petty went through center for the touchdown. Marion's total was boosted to 19 and seconds later the Bascos toe sent another extra point through the crossbars on a successful placement. The ball changed hands four times on punts in the remainder of the fourth period, while Harding replacements were holding their own against a tired but scrappy foe.

The summary follows:

Boston Wool

By The Associated Press

BOSTON, Sept. 28—Fine western grown wools received a strong demand in the Boston market during the past week and further advances of two or three cents, scoured basis, were made in prices.

In addition to the fine wool business, sizeable weights of three eighths blood territory wools were taken out of the market at prices strong to two cents, scoured basis, higher than the previous week's price range. Activity increased moderately on bright fleece wools. Grease basis quotations on graded combing bright fleeces ranged 35-38 cents on fine Delaine, 37-39 cents half bloods, and 41-42 cents for three eighths and one quarter blood grades.

SELECTS MAKE SLIGHT GAINS

By The Associated Press

NEW YORK, Sept. 28—Selected stocks got back on their feet in today's market although the majority showed little inclination for a fast rallying sprint.

The list was a bit ragged until the final hour when buying in steels, rails and an assortment of specialties brightened the picture considerably. While gains of fractions to a point or so were well distributed at the close, many leaders were unchanged to off a shade.

Dealings for the most part were slow. Occasional flurries, however, put the two-hour volume up to around 200,000 shares.

Speculative forces, brokers said, still were confused by international affairs.

More attention was paid to the broadening of business and industrial expansion at home and even those who were bearish over happenings abroad seemed reluctant to liquidate holdings while the domestic scene retained its cheerful appearance.

Humor Overshadows Tragedy in the Preparations for the Reception of the Great Veritzen

KATHERINE, Lillian and I found we had little to do in *my room when we went into it* Although Katie had not been permitted inside it since Edith Fairfax had *found sanctuary* there, Miss Whitlock had kept everything in meticulous order

"*There's nothing to do here* except remove your things and make up the bed with fresh linen,' Katherine said and as I started for the closet, Lillian pursed her lips, and, advancing to a table drew her finger across its polished surface, and held it up, scrutinizing it with the critical air of the traditional *New* England housewife

"Not even a smidgin," she said dolorously, and Katherine grinned at her

'Quit trying to pretend you're a mother-in-law looking for dust on the furniture of your son's bride,' she said, and get busy on this bed I'll run and get the linen while you strip it I'll be back *to help you turn* the mattress Which sheets and pillow slips do you want Madge? I suppose *the best ones If the great* Philip Veritzen is to park himself here"

Best There Is

"I fancy the best ones are indicated" I *said* laughing, 'and if you don't mind bringing a fresh blanket and spread I'll be grateful *Get the duplicate of this* spread here This wouldn't need to be changed if it weren't a little wrinkled

If you want to put on seven feather mattresses, Madge, Lillian suggested her face set in solemn lines I'll guarantee that not a single teeny weeny rose leaf shall blow in anywhere

Katherine turned from the door and shook a small fist at her

If you don't have that bed ready for me by the time I get back! she said menacingly, and left the rest of the threat unspoken as she sped down the hall

Lillian fell to work on the bed while I took out my clothing from the closet and draped it over chairs When she had finished stripping and had put the bed linen down the laundry chute in the *bathroom* and had folded the blanket and spread and put them on a chair, she put her arms akimbo and faced Katherine, coming in with laden arms

Perfect Job

'Show me a better job than that one!' she declaimed

'It's *perfect* ' Katherine acknowledged with a slow grin

'What next? Lillian countered 'Shall I help you make the bed?'"

'Heaven forbid!' Katherine shot back "I want to make a hospital bed of this Then if the great Mr Veritzen suffers any casualties we shall be ready for him"

'If his agitation over the telephone is any indication of his condition" I said he's likely to have a *stroke* after he talks with Father

Both *women* shot a quick intent look at *me*

'What did your father say? Lillian queried or isn't it on the *free list to tell us?'*

'I'm sure he didn't mean it was *barred* from your ears I returned '*He said Mr Veritzen's* coming was no *surprise* to him that he had expected it and then *after a pause* he added, It all fits in '

Lillian clapped her hands together significantly

All Set

'I'll broadcast to the stars that he *may have* a stroke when your father gets through with him,' she said

'Then," Katherine said a bit tartly, "swift action here is indicated Then at least there'll be a place to park him if he topples over"

Her voice was unsympathetic but Lillian and I *knew* that no matter how strong her antagonism to Philip Veritzen because of what she thought was his cruel *treatment of Mary, she would* give him the tenderest and most skillful care if he should need *her services*

"I think,' —Lillian addressed me dolorously—"the lady means *we should both get the—place no* perfect lady names—out of here, *taking your* clothing with us But that cannot be until I get my few duds into one closet in my room giving Madge the other If you'll come along and help me Madge, we'll both be back for your things in the traditional jiffy

'Make it Katie's 'wag of leetle sheep's tail,' Katherine responded attacking her bed-making with vigor

'Okay Meesis Simon Legree" Lillian retorted and we hurried over to Lillian's room
